

DURACELL Button/Coin
Compliance to Australia ACCC Safety Standards
Australia Button/Coin ACCC Standard 2020

Revision Date: June 28, 2022

Revision Number: ACCC-REV1

Product Manufacturer: DURACELL US Operations Inc., 14 Research Drive, Bethel CT. 06801 USA
Telephone: 203-796-4000, **Email:** UN38.3_Duracell@duracell.com, **Web:** www.duracell.com

Duracell product and packaging complies to Australia Consumer Goods (Button/Coin Battery) Safety Standard 2020.

DURACELL's product lithium metal cells have been successfully tested and comply with Child-resistant packing stated in IEC 60086-4 Annex E by 16 CFR 1700.15(b)(1) using the methods in US Poison Prevention Packaging Standard - 16 CFR 1700.20.

PRODUCT TEST INFORMATION

The packaging listed below were tested to 16 §CFR 1700.20 test methods.

Physical Description	Test Report Number	Test Report Date
One Cell Single Blister Card	WOUS09193	11/3/2015
Two Cell Double Blister Card	2054-003 WOUS09193	11/19/2019 11/3/2015
Multiple Cell Single Blister Card	2054-002 2054-001	7/20/2018 7/20/2018
Multiple Cell Double Blister Card	WOUS09193	11/3/2015

In compliance to the Information Standard 2020, the primary packaging destined for sale in Australia has been updated to carry the required warning statements and internationally recognized safety symbols.

With the exception of Lithium button/coin batteries, Duracell does not market any button/coin batteries applicable to this safety standard. All Duracell non-lithium button/coin batteries have diameters less than 16 mm.
